

REMARKS

This paper is in response to the official action of July 19, 2005. Enclosed with this response is a copy of the priority document mailed February 4, 2004, a copy of the Information Disclosure Statement and the return postcard showing that the IDS and priority document (together with other small entity documents filed therewith) were received by the Patent and Trademark Office on February 6, 2004.

Acknowledgement of the allowability of claims 1-14, 28, 29 and 32-35 is appreciated. Claim 27 has been amended to depend from allowable claims 14, and, therefore, should also be allowable.

Rejected claims 15-26, 30 and 31 have been cancelled, without prejudice to filing a continuation application directed to the inventions represented thereby.

New claim 36 is clearly supported in the specification on page 3, lines 1-15.

It is submitted that all remaining claims are of proper form and scope for allowance. Early and favorable consideration is respectfully requested.

Respectfully submitted,

MARSHALL, GERSTEIN & BORUN LLP
